REPLY TO DECISION

Applicant hereby replies to the Decision Refusing Status Under 37 C.F.R. 1.47(b) mailed on February 6, 2006.

Applicant's petition under 1.47(b) was initially dismissed. The petitions examiner listed six (6) items that would be required in order for the petition to be grantable. Applicant hereby provides each of the six listed items, as follows:

1. Enclosed herewith is the Declaration of Andrew Solomon attesting to the fact that copies of the patent application papers were presented to Dong Dai, the inventor's surviving spouse and the person believed to be his legal representative, but Ms. Dai refused to sign the declaration of inventorship.

2. Enclosed is a copy of the declaration of inventorship listing the citizenship, last known residence and last known mailing address of the legal representative.
3. The last known address of the legal representative is that shown on the enclosed copy of the declaration of inventorship.
4. In the office action dated February 13, 2006, claims 1, 3-18 and 20-85 were allowed. If this petition is not granted, this application will become abandoned and the allowed claims will not issue as a United States Patent. Thus, if this petition is not granted, the current owner of this patent application will suffer irreparable damage due to loss of patent rights that would otherwise be granted.

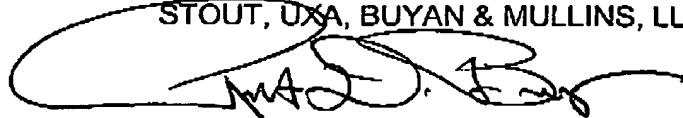

It is believed that all requirements for granting of the petition under 37 C.F.R. §1.47(b) have now been met. Granting of the instant petition is respectfully requested.

If for any reason this petition is not deemed grantable based on this reply it is requested that the Petitions Examiner telephone Applicant's undersigned attorney to discuss any further measures that may be taken in order to place this petition in condition to be granted.

No fee is seen to be due in connection with this filing. If any fee is properly deemed to be due, the Commissioner is authorized to deduct such fee from Deposit Account No. 50-0878.

Respectfully submitted,
